Secured by Check Point

Good afternoon,

Please see the resolution below.

Issue: The airbill number listed on the attached COC and the airbill number that the samples were received under are different. The laboratory would like to know how to proceed.

Resolution: Per Region 7, an updated COC is attached with the correct aribill number. The correct airbill labels are listed below. The laboratory should note the issue in the SDG Narrative and proceed with the analysis of the samples.

Please note that the laboratory will have to contact the appropriate CLP COR should any defects need to be waived for this issue.

Airbill labels: 281514906528, 281514906539, 281514906540, 281514906550, 281514906561, 281514906572, 281514906583, 281514906594, 281514906609, 281514906610, 281514906620, 281514906631.

Good afternoon,

If the Region can provide the corrected COC that would be easier for the laboratory.

Miles,

We had an issue with FedEx pickup, so we had to drop them off and they wanted new labels. The correct labels should be as follows:

281514906528, 281514906539, 281514906540, 281514906550, 281514906561, 281514906572, 281514906583, 281514906594, 281514906609, 281514906610, 281514906620, 281514906631.

I can provide a .pdf copy of a corrected COC with the first tracking number (281514906528) if needed.

The lab should proceed with analysis.

Thanks,
Katelyn
