Good morning,

Issue: Regarding SDG E1H29, Laboratory QC is scheduled for VOA analysis, but the laboratory has already used samples designated on the attached COC for QC analysis to keep the holding time of other SDGs. The laboratory would like to confirm that they should proceed without Laboratory QC.

Resolution: Per Region 5, the laboratory will note the issue in the SDG Narrative and proceed without Laboratory QC for VOA analysis.

Please note that the laboratory may contact the appropriate CLP PM should any defects need to be waived for this issue.
