Secured by Check Point

Good afternoon,

Issue: Laboratory QC is scheduled for ICP-AES 11+ Metals analysis but all samples listed on the COC for QC analysis have been used for other SDGs. The laboratory has SDG MBHHS7 open without ICP-AES Metals QC analysis completed. The laboratory has selected sample MBHHX8 to use for Laboratory QC and confirms that the sample is not a blank, rinsate, or PE sample

Resolution: Per SFAM01.1 Exhibit A, Section 5.5.4.1., the laboratory will note the issue in the SDG Narrative and proceed with the analysis of the samples.

Please note that the laboratory may contact the appropriate CLP PM should any defects need to be waived for this issue.

Thank you,

Good morning,

Issue 1 : One SDG MBHHS7 is open without lab QC for ICP-AES analysis However, a sample was not designated for Laboratory QC. Lab like to use sample MBHHX8 for Lab QC. these samples are not blanks, rinsates or PE samples. All sample mentioned on COC for QC already use for other SDGs .

Please see attachment for your reference.

Thanks & Regards,

Deepak Parmar
