Good afternoon,

Please see the below resolution from Region 10.

Issue: The laboratory received water sample MJNLC4 but this sample is not listed on the COC. Please advise on how the laboratory may proceed.

Resolution: Per Region 10, this sample was inadvertently left off of the original COC for the shipment. A corrected COC has been attached which includes sample MJNCL4. Please note the issue in the SDG Narrative and proceed with analysis of the sample.

Please note that the laboratory may contact the appropriate CLP PM should any defects need to be waived for this issue.

Thank you,

Hi Casey,

The sampler updated the COC to include sample MJNLC4 which was mistakenly left off (attached). ATC can note the issue and proceed with the analysis of the sample.

Thank you,
Meghan
