

### Surrogate Summary

SDG No.: Q1180

Client: Chemtech Consulting Group

Analytical Method: SFAM\_PCB

| Lab Sample ID | Client ID            | Parameter | Column | Spike | Result | Rec | Qual | Limits |      |
|---------------|----------------------|-----------|--------|-------|--------|-----|------|--------|------|
|               |                      |           |        |       |        |     |      | Low    | High |
