Thanks, Yazmeen. Ideally, we'd prefer an expedited TAT. Is a 3 day TAT available?

Jessica,

SPLP has been activated per below instructions. I currently have these logged under 10 day TAT – let me know if you need this sooner.

Hi Jessica,
there was no requirement to activate the samples, and we were not told by client.
we are still with in holding time for metals but not for mercury.
let me know which samples you would like us to activate .

Hi Mohammad,

Hope all is well. Thanks for passing along the excel data report.

Quick question- was SPLP run on the Metals MGW exceedances after these results? If so, can you kindly forward these results? If not, are the samples within hold time to run SPLP on the exceedances?

Thank you,
Jessica

Hi Mohammad,

It was nice speaking with you, thanks for taking my call. As discussed, we are in receipt of the attached lab report #P4822 and would like to request the respective supporting excel spreadsheet. This will allow us to make a full submittal to the facilities for this soil. I have copied Colin at Filco on this email. If you can send this to us, that would be greatly appreciated. If not, perhaps to Mr. Patel, who will then have to pass it along to us.

Thanks, and have a great weekend,
Jessica
