Hi Yazmeen,

I passed along the SPLP results to the review engineer. One of the lead results looks like it failed. It is over the splp standard and greater than the soil conc. Is there a way to re-run this analysis?

Please let us know your thoughts.

Thanks, Jessica

Hi Mohammad,

Hope all is well. Thanks for passing along the excel data report.

Quick question- was SPLP run on the Metals MGW exceedances after these results? If so, can you kindly forward these results? If not, are the samples within hold time to run SPLP on the exceedances?

Thank you, Jessica

Subject: P4822 EDD report

Hi Mohammad,

It was nice speaking with you, thanks for taking my call. As discussed, we are in receipt of the attached lab report #P4822 and would like to request the respective supporting excel spreadsheet. This will allow us to make a full submittal to the facilities for this soil. I have copied Colin at Filco on this email. If you can send this to us, that would be greatly appreciated. If not, perhaps to Mr. Patel, who will then have to pass it along to us.

Thanks, and have a great weekend, Jessica
