Hi Jessica,

My apologies, I just returned to the lab from an appointment.

The sample has been activated for the quickest TAT - 3 day TAT – due 5/19. I will try to get the results to you early morning Monday.

Hi Yazmeen, just tried calling you. Can you please re-run it? A quick TAT is preferred as client is looking to start the job next week. My number is 201-725-7667 if you need to reach me.

Thanks and have a great day!
Jessica

Hi Yazmeen,

I passed along the SPLP results to the review engineer. One of the lead results looks like it failed. It is over the splp standard and greater than the soil conc. Is there a way to re-run this analysis?

Please let us know your thoughts.

Thanks,
Jessica

Thanks, Yazmeen. Ideally, we'd prefer an expedited TAT. Is a 3 day TAT available?

Hi Jessica,
there was no requirement to activate the samples, and we were not told by client.
we are still with in holding time for metals but not for mercury.
let me know which samples you would like us to activate .

Hi Mohammad,

Hope all is well. Thanks for passing along the excel data report.

Quick question- was SPLP run on the Metals MGW exceedances after these results? If so, can you kindly forward these results? If not, are the samples within hold time to run SPLP on the exceedances?

Thank you,
Jessica

Hi Mohammad,

It was nice speaking with you, thanks for taking my call. As discussed, we are in receipt of the attached lab report #P4822 and would like to request the respective supporting excel spreadsheet. This will allow us to make a full submittal to the facilities for this soil. I have copied Colin at Filco on this email. If you can send this to us, that would be greatly appreciated. If not, perhaps to Mr. Patel, who will then have to pass it along to us.

Thanks, and have a great weekend,
Jessica
