Q2417 – Metals added.

FAX AND HARDCOPY already went out. But Metals needs to stay logged together as this is a monthly sampling. So, I updated the due date.

Had to look into this - Metals should've been collected analyzed once in June – doesn't look like it was collected.

Last June sample was from 6/25 – 33 days ago. We should have the volume – can we add this?

Hi Yazmeen

Please let me know about this

Also, the weekly reports use to go automatically to Jose? Or did he use to send you an email requesting it?
