Attachments: 49797-1207.pdf

Sohil,

Issue: The laboratory received samples for VOA and SVOA analysis. PRs are not listed on the COC for water samples, but PRs are scheduled. The laboratory would like to confirm they should proceed with PRs for the water samples.

Resolution: Per Region 2, please note the issue in the SDG Narrative and proceed with the analysis of the samples as scheduled.

Please note that the laboratory will have to contact the appropriate CLP COR should any defects need to be waived for this issue.
