Subject: Region 01 | Case 50876 | Lab CHM | Issue Insufficient/inappropriate designation of laboratory QC | FINAL

Good afternoon,

Please see the resolution below.

Issue: The laboratory has an open SDG (A46R9) without Laboratory QC. Laboratory QC is scheduled for water TVOA analysis, however, a sample was not designated on the COC for QC and no extra volume was received. The laboratory would like to proceed without Laboratory QC.

Resolution: Per Region 1, proceed without Laboratory QC. The laboratory should note the issue in the SDG Narrative and proceed with the analysis of the samples.

Please note that the laboratory will have to contact the appropriate CLP COR should any defects need to be waived for this issue.

Thanks,
Miles Hairston

Miles,

Please advise the lab to move forward without QC.

Thank you.
