Subject: Region 03 | Case 50615 | Lab CHM | Issue Discrepancies with tags, jars, and/or COC | FINAL

Good afternoon,

Issue: The COC where lists VOA analysis for this Case; however, the Case is scheduled for TVOA analysis with PRs.
Resolution: Per Region 3, the laboratory will proceed with analysis as scheduled for TVOA and apply this resolution to all remaining samples for Case 50615. Please note the issue in the SDG Narrative and proceed with the analysis of the samples.

Please note that the laboratory will have to contact the appropriate CLP COR should any defects need to be waived for this issue.

Tasmia,

Have ChemTech make note of the issue in their SDG Narrative, proceed with the analysis of the samples as scheduled (TVOA Analysis) **and apply this resolution to all remaining samples for Case 50615.**

Hi Tasmia,

Samples received under this case has below discrepancy,

Issue1: As per ASR, this case is scheduled for TVOA analysis and required PR. However, Lab has received COC where analysis is listed as VOA therefore lab would like to confirm that should lab follow the ASR and proceed with TVOA analysis?

Please see attachment for your reference.

Thanks & Regards,

Sohil Jodhani
