**Subject:** RE: Summary Report Details For Total Metals

Good morning, Sam:

The disposal facility is asking for results for Total Metals. I believe you only sent me TCLP Metals. I was checking the specs that Asaad sent you with the analyses, and I do not see Total Metals. This may have been an error on MLJ's part concerning what is required by the facility.

That being said, are you able to run them with existing soils?

Thank you,  
Paul

Paul,

All other TCLP results were able to be reported in yesterday PDF, I've attached above. (4-12-22)

The only TCLP that was reported to today was Herbicide.

Respectfully,

Samantha Beazley

Project Manager

Sam:  
Question – Just received this data. Does this cover the complete TCLP as required in the specs?  
Paul
