Monday delivery is fine if you can rush Feb results for next day? I will include ice but may melt by Monday.

Dean,

We'll send three TSS bottles for delivery by tomorrow. The FedEx Ground labels we typically provide in the cooler for return shipping does not include Saturday delivery, as that would be an extra cost to ship samples on a weekend. We'd ask that you ship using your own account if the Saturday delivery is indeed necessary. If you're okay with the samples coming by Monday, we'll include a FedEx Ground RS label with the TSS bottles.

Please send three TSS bottles (one Feb and two March) – can I sample tomorrow and the lab receive on Saturday since it is TSS analysis?

Hi Dean,

Not yet from the looks of it. The results for TSS should be uploaded soon, but I can give you a verbal now. The TSS result for this sample is 68 mg/L.

Regards,

Steven Kim

Hi Dean,

We'll send a cooler with a TSS bottle for delivery. The March results are set to be sent out on the 15th.

Hi Steve – Please send one TSS. I am not sure if I will need anything else for March since I do not have results yet – are metals and TSS due today?
