Subject: RE: Login Summary Details For Project United Northside Hangar PDI-K5333.

Good morning,

Please confirm that samples T11-DP9RRR_5.5-6.0_100819, T11-DP9RRR_7.0-7.5_100819, and FB-100819 are being analyzed for EPH category 1 (NJDEP method). I did not see them on the login summary. Please analyze these three samples on a 5-day TAT (as opposed to the standard TAT listed on the COC). We would like to hold the other EPH samples (T11-DP20R_7.5-8.0_100819, T11-DP9RRR_6.5-7.0_100819, T11-DP9RRR_9.0-9.5_100819), without extracting, since we've shorted the TAT of the other samples which these holds are contingent on.

Please let me know if you have any questions. Thank you

Dave Reamer
